Rules and Guidelines

1. When editing this wiki stick to Niche series/Niche web shows that have garnered an opinion over the majority and not just personal thoughts. No pages on shows widely considered good are allowed.
2. The main heading to use for each wiki page is Why It/He/She Sucks (no custom headings are allowed). The latter must contain valid and detailed reasons; do your best to avoid generic stuff like "bad acting/animation/soundtrack/etc".
3. Web reviewers/youtubers are not acceptable unless they have an extremely and widely known poor reputation.
4. Do not create new categories. If you think a new category is needed ask the admins and they'll make it for you if your suggestion proves to be useful.
5. Do not reupload deleted pages without permission. Also, reverting edits by admins for no given reason will most likely result in a temporary block.
6. Do not create a page about a series that hasn't been broadcast yet. No exceptions.
7. Reviews are optional. Though, if you plan to put in the reviews made by critics, it is also OK to take reviews from other sources. However, plagiarism is not acceptable for anything else. If your article is suspected of being plagiarized, it will get deleted.
8. Rude behavior towards other users will not be accepted. If you are rude towards another user, expect a ban.
9. Please refrain from swearing in the articles. Swearing in the comment section, however is allowed as long as it's not used to offend other users.

10. Be as formal as possible when editing.
11. Removing information or messing with the articles without giving a good reason is considered vandalism and can result in a ban.
12. Reasons for deleted comments are: malicious propaganda, harassing others, pornography or if the comment makes no sense.
13. You will always be able to argue about your block on your own message wall, unless what you did was unforgivable.
14. Do not make ANY non niche shows to the wiki, if you do it, it will result into a temporary block.
15. Please do not add pointers saying “It’s better than...”, as it is not a reason.
16. If you plan on making a sandbox, please do not use it outside of making approved pages.
17. Do not make pages about television channels, unless it deals with news or sports.
18. Bad dubs of good niche shows are allowed as long as they don't bash the show itself, just the dub.
19. Do not add the fact that a show has a toxic fandom/hatedom as a bad quality. Because fandoms and hatedoms don’t conduct the actual quality of something.
20. Do not make a TBA Pages list as that kind of page could be for anyone to add any page, even forbidden pages.

Disclaimer

We do not hate niche shows, this wiki was made to criticise them.
